Dear Mr. Lucas,

Wednesday afternoon will be better for me. I'll phone from near there and then, if you are in, come over. I can make it the next day, but unless I can line up some exposure, I'd rather get home and back to work.

My broadcast will begin at 10 pm. and last until 2.a.m. Want to sit in? Can you keep going the next day if you do? The station covers the entire east coast at night and to the other side of the Mississippi and has some Louisiana listeners. It is WCAU, 121, the program Jack McInaney's "Night Talk". He is quite a wonderful guy.

Sincerely,

Harold Weisberg
